ABBOTSFORD

BIABC Benefits Program

A benefits program exclusive to members within the Business Improvement Association of BC.

Your program offers comprehensive and customized benefit options as well as value-added services that suit your specific needs and budget.

I have seen firsthand how a plan with a very similar structure can hugely benefit everyone who does an uptake and participates in the program. It's a WIN = WIN opportunity for our members and their businesses, for the BIA and for staff within the BIA.

Elizabeth Model, CEO Downtown Surrey BIA

What it offers

Employee health & dental benefit plans designed exclusively for the members who own businesses and are members of BIABC
